## COURSE DESCRIPTIONS

### **Matters of Life and Death – General**

**60 places**

Books written by individuals who claim they have visited heaven or hell have become best sellers. The internet has also become a depository for many such accounts. How should we respond to these accounts? What does the Bible teach about death, judgement, heaven and hell? This course will present the Biblical perspective on these very important matters. The hope of heaven will motivate you to live right before God and the reality of hell will help you see the urgency of evangelism.

### **The Tree of Life: Proverbs for Today**

**– Level 2**

**60 places**

Biblical Wisdom Literature abounds in the Old Testament. The Book of Proverbs, especially, teaches us how to deal with the practical, ordinary issues in life. Life's choices, as Proverbs shows, are clear-cut: The paths that please God bring happiness, and the way of life that arises from faith in the Lord brings peace. But the wicked and disobedient perish. A person can lead a godly, wise life only as he fears and trusts the Lord.

### **Prayer, Evangelism and Discipleship**

**- General**

**60 places**

What hinders individuals from accepting Jesus as their Lord and Saviour? Will praying help? Come and join this class to learn about Satan's schemes which seek to prevent people from getting saved. Learn how to "chart the path" for these to get saved and be discipled according to the divine pattern that Jesus has given to us.

### **Helping Special Children and their Families**

**- General**

**40 places**

Few parents doubt that their babies will be born physically and mentally perfect. And while the vast majority are, a precious few are not. But that only makes them *Extraordinary Kids!* When Jesus healed the blind man, his disciples asked "who sinned, this man or his parents, that he was born blind?" He answered this happened so the glory of God could be revealed in this man's life. Come to this class if you want to find out ways to relate to, minister to, and embrace those with disabilities and allow them to be a real, functioning part of both our community and the Body of Christ.

### **When Love alone is not enough ... Caring for Aging Parents – General**

**40 places**

Caring for aging parents is challenging - your best efforts can leave you overwhelmed. Good intentions must be supplemented with the practical aspects of caring. This course provides you with an understanding of the emotional stress which accompanies aging, teaches you how to hear what your loved-ones are actually saying and how to deal with physical challenges which are a part and parcel of growing older.

### **My Faith – Level 1**

**30 places**

This course provides the believers with a biblical basis for the practices and beliefs of the Christian faith. Topics dealt with include water baptism, the Baptism in the Holy Spirit, stewardship, prayer and the Second Coming of Jesus.

This course is compulsory for those seeking membership with Calvary Church.

### **Business as Mission - General**

**50 places**

Ministry and business are not separate activities. Our lives cannot be compartmentalised into the sacred and secular. Christian business leaders have the chance to play a pivotal role in spreading the gospel and transforming society through their business. But seizing this opportunity requires thinking differently about God, about His Kingdom, about His purposes in the world, and about business. The course will guide you in developing the vital characteristics of a Kingdom business - the kind of business that significantly impacts the world for Jesus and frees you to live fully integrated lives. This is a course especially for those who are in business.

### **Make Space for God – General**

**30 places**

It is the privilege of every believer, each day, to meet God in a deep and personal way and to stop, to be silent and to listen to the voice of God through the Scripture and to hear what He has to say. However, in the midst of our ever more busy lives, it may seem an almost impossible challenge to connect with God on a regular basis. This course will help you to attend to God gladly and faithfully through various spiritual disciplines like silence and solitude, reflection and meditation of scriptures, prayer forms, spiritual direction and discernment.

It is about intention and attention: I desire to hear God, so I am going to make space to give God my attention.

### **Chinese Class: Lifestyle Evangelism**

**50 places**
